THE FOOD CO-OP MEMBERS SAVE COOPON PROGRAM

The Fort Collins Food Co-operative's mission is to promote local consumption through businesses who share the same types of values. We recognize that we would not exist today without our member/owners, our local suppliers & growers, as well as the strong network of locally owned businesses.

The Food Co-op strives to offer our member/owners the richest local shopping experience possible, not only through our commitment to local vendors, but through educating consumers about the benefits of supporting a local economy.

The Food Co-op is offering our member/owners a special benefit for shopping locally with our Coopon Program. This program provides benefits to our member/owners as well as networking and support between local businesses that continue the on-going effort of circulating local dollars within the community where it's most beneficial.

Simply show your Food Co-op membership card to any of the Coopon participating businesses to receive the discount. Look for this Coopon decal in the store front and save.

\$29 consultation, exam, & computerized nervous system scan.
